

CITY OF
ANDERSON

AGENDA ITEM

September 01, 2009 City Council Meeting

Approved for Submittal By:

City Manager

A handwritten signature in blue ink, appearing to read 'D. Shigley', is written over a horizontal line.

To Be Presented By:

Jeff Kiser

A handwritten signature in blue ink, appearing to read 'Jeff Kiser', is written over a horizontal line.

To: Honorable Mayor and Members of the Anderson City Council

Through: Dana Shigley, City Manager
Telephone 378-6646

From: Jeff Kiser, Public Works Director
Telephone 378-6636

Date: September 01, 2009

SUBJECT

Authorization to Bid for the Cobblestone Sewer Replacement Project.

RECOMMENDATION

The Public Works Director recommends that the City Council:

1. Approve the Plans, Specifications, Estimates and Contract Documents for the Cobblestone Loop Sewer Replacement Project, and instruct the Public Works Director to advertise for bids.
2. Authorize the opening of bids at 2:00 p.m. September 30, 2009 in the Office of the City Clerk.

FISCAL IMPACT

The engineer's estimate for project construction, contingencies, construction engineering and administration is \$225,000 and will be paid through California Statewide Communities Development

Authority Waste Water Revenue Bonds (CSCDA). The bonds were issued in 2007 and funds are available for this project.

DISCUSSION and BACKGROUND

In 2005 the City of Anderson contracted with our City Engineer (PACE Engineering) to update the Master Sewer Plan. As part of that update the consultant, with the assistance of our Sewer Collections Division personnel, performed flow monitoring tests to measure the leakage of groundwater into the wastewater systems or "I&I" (Infiltration and In-flow rate). The results of those tests determined the existing collection system would have adequate capacity for the next 20 years if certain corrective measures are taken to reduce leakage into the system in those areas identified in the study.

As a result of the Study, on March 03, 2009 the City Manager entered into a professional services agreement with PACE Engineering for the development of plans, specifications and estimate for the construction of the Cobblestone Loop Sewer Replacement. PACE Engineering has now completed preparation of the construction documents and is ready to solicit bids for construction.

The Plans, Specifications, Estimates, and Contract Documents for the Cobblestone Loop Sewer Replacement Project are now complete and available for viewing and purchase at PACE Engineering, 1730 South Street, Redding, CA for the price of \$60 per set.

Bid opening for the project has been set for September 30th, 2009 at 2:00 at City Hall in the office of the City Clerk.
